General Changes

- PIP will begin running in a fiscal year starting in July 2024 following the program as originally scheduled for the 2024 program year. The 2024-25 program year will be a transition year and will run from January 1, 2024 – June 30, 2025.
- The 2024 program year will run through June of 2025, and no clinical measures will be changed.
- Access and Care Management measures will be updated for the extended program timeline.
- The next anticipated changes to the program will be July 2025.

Access and Care Management Measure Deliverables

New Program Period (January 1, 2024 – June 30, 2025)

- **2024 Jan-Mar:** Health centers will participate in creating and reviewing a driver diagram with Aliados Health staff.
- **2024 Apr-Jun:** Health centers will submit a SMART AIM statement and plan that includes work in any area outlined in the driver diagram.
- **2024 Jul-Sep:** Health centers will submit a brief report on activities in their work plan and provide a brief report on activities for this plan.
- **2024 Oct-Dec:** Health Centers will meet with Aliados Health staff to review project progress. Aliados Health will identify opportunities to document promising practices.
- **2025 Jan-Mar:** Health Centers will submit a final project report and slide deck.
- **2025 Apr-Jun:** Health centers will have completed sharing the results, findings, and any ongoing activities. Health centers may share results by presenting at an Aliados Health peer group meeting, QI chatroom, or by completing a promising practice template.
