

FY 2026–2027 Value-Based Care Deliverable

Subject: HCC Coding Training Completion for PIP FY 2026–2027 Value-Based Care Deliverable

Dear [Health Center Name/Team],

As part of your PIP Fiscal Year 2026–2027 deliverable for Value-Based Care, we are requesting formal attestation confirming the completion of Hierarchical Condition Category (HCC) coding training for all primary care providers. Only one form is requested from each health center.

Training Requirement:

Health centers are required to ensure that all providers complete HCC coding training during FY 2025–2026. You may select the HCC training course(s) that best suits your organizational needs. This training is intended to strengthen risk adjustment accuracy and improve documentation practices in support of value-based care initiatives.

Attestation Instructions:

Please submit a signed attestation by June 30, 2027, indicating that:

- 1) All applicable providers have completed HCC coding training.
- 2) The training content was consistent with HCC principles and documentation best practices.
- 3) Training was completed within the FY 2026–2027 period – July 1, 2026, through June 30, 2027.

Attestation Statement:

I hereby attest that [Health Center Name] has ensured the completion of Hierarchical Condition Category (HCC) coding training to all providers as part of our Value-Based Care deliverable for the PIP FY 2026–2027. The training course(s) [add training course(s)] fulfilled the requirement for HCC coding education.

Name:

Title: CMO or CEO

Date:

Signature:

Please return the completed attestation to QI Team Director, Arlene Peña apena@aliadoshealth.org by July 22, 2027. If you have any questions, feel free to contact Arlene Peña, or the QI Team at Aliados Health.

Thank you for your continued commitment to quality and value-based care.
